1. [] LIAISON Apropos the interest of Douglas Mitchell, of the Congressional Research Service, in unclassified information on the Agency's role in SALT verification, etc., over the years, at the request of [] OLC, Hal Ford, on the staff of the Senate Select Committee on Intelligence agreed to talk with Mitchell about the Senate Select Committee on Intelligence's view of this. I passed Ford's telephone number on to Mitchell. I noted that the House Armed Services Subcommittee on Intelligence might also have something, but that Ford was a good person to start with. I suggested that Mitchell reach [] OLC, 25X1 in my absence should he want more from us.

2. [] LIAISON Spoke with James Fellenbaum, Senate Appropriations Committee staff, regarding Senate Appropriation's action on Senate Select Committee on Intelligence and Senate Armed Services authorizations. Fellenbaum informed me that the Senate Select Committee on Intelligence has reached an agreement with Senate Armed Services on certain recommendations for those programs which Armed Services normally authorizes. Appeals on any calls should be directed to Senate/House authorization conference. The Senate Select Committee on Intelligence will be directing recommendations through Senate Appropriations on CIA authorization and other programs in consideration by Senate Armed Services. We expect to receive the Senate Select Committee's report on Thursday, 19 May, together with a "crosswalk" identifying authorization figures with Appropriation's accounts.

3. [] LIAISON Picked up two copies of the Senate Select Committee on Intelligence annual report from Spencer Davis, of the Committee staff.
